Malaysia

Dear Sir

**WRc MSSC5 (PACP) Sewer CCTV Condition Classification Operatives training - Malaysia**

WRc plc. are pleased to confirm that JBP Consultancy Services Asia Sdn. Bhd. remain our Malaysian partner company in the delivery of the WRc accredited MSSC5 (PACP) Sewer CCTV Operatives Training Course in Malaysia.

WRc plc. authorise JBP Consultancy Services Asia Sdn. Bhd. to organise and host all WRc accredited MSSC5 training courses in Malaysia on our behalf.

WRc plc. in conjunction with JBP Consultancy Services will present each training course, supply all necessary course materials and technical support for the provision of each of the training courses. On completion of the training course, WRc will provide a signed WRc certificate of attendance or competency for all candidates attending or achieving the required standard of competency at the training course.

WRc do not recognise or support any other MSSC (PACP) training course conducted in Malaysia.

I would request that you acknowledge receipt of this letter and that you confirm you will abide by the details our written proposal in the provision of the MSSC5 (PACP) Sewer CCTV Operatives training course.

Yours sincerely

Peter Henley  
**Technical Consultant - Sewer Operations**
